### Feedback Analysis

#### Action taken report:

- 95% students and audience appreciated the event and found it informative.
- 3% students felt that the contents delivered by the speakers were inappropriate and not able to understand properly. These students were called separately by the senior authorities to understand their plights and came to the conclusion that language was the main problem for them. It was assured to them that in future the speakers will be requested in the beginning of the session that they should keep the pace of their speech slow and loud and clear.
- 2% students were not able to give the reasons as to why they feel that the event was not informative and interesting.
