Report	
Academic Year	2023-2024
Name of Activity	Seminar on "National Education Day"
Date of Activity	10/11/2023
Organized by	STUDENTS WELFARE COMMITTEE, MANGALMAY INSTITUTE OF ENGINEERING AND TECHNOLOGY
Objective	<ul style="list-style-type: none"> ❖ Promote and emphasize the importance of education as a fundamental right and a powerful tool for personal and societal growth. ❖ Raise awareness about the significance of quality education in driving social and economic progress. ❖ Recognize and appreciate the contributions of teachers and educators in shaping the future of the nation. ❖ Encourage students, parents, and the community to actively engage in educational activities, discussions, and initiatives to improve the overall educational landscape of the country. ❖ Create a platform for dialogue and collaboration among educational institutions, policymakers, and stakeholders to address challenges and find solutions in the education sector.
Brief Report	<ul style="list-style-type: none"> ❖ A comprehensive report on the activities and events organized to celebrate National Education Day, which took place on November 11th, 2023. National Education Day is observed to honor the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India, and to highlight the importance of education as a fundamental right and a catalyst for social development. ❖ A seminar on National Education was organized with great enthusiasm, involving students, educators, and community members from our institution. The objective of the celebration was to pay tribute to Maulana Abul Kalam Azad and to promote a culture of learning, knowledge sharing, and educational empowerment. ❖ The program began with an inaugural ceremony, during which we paid our respects to Maulana Abul Kalam Azad. A brief presentation on his life and contributions to the Indian education system was delivered. ❖ As educators, our role is to ignite the spark of curiosity and creativity in our students. Education is not just about acquiring knowledge; it's about developing critical thinking, empathy, and the ability to adapt to change.

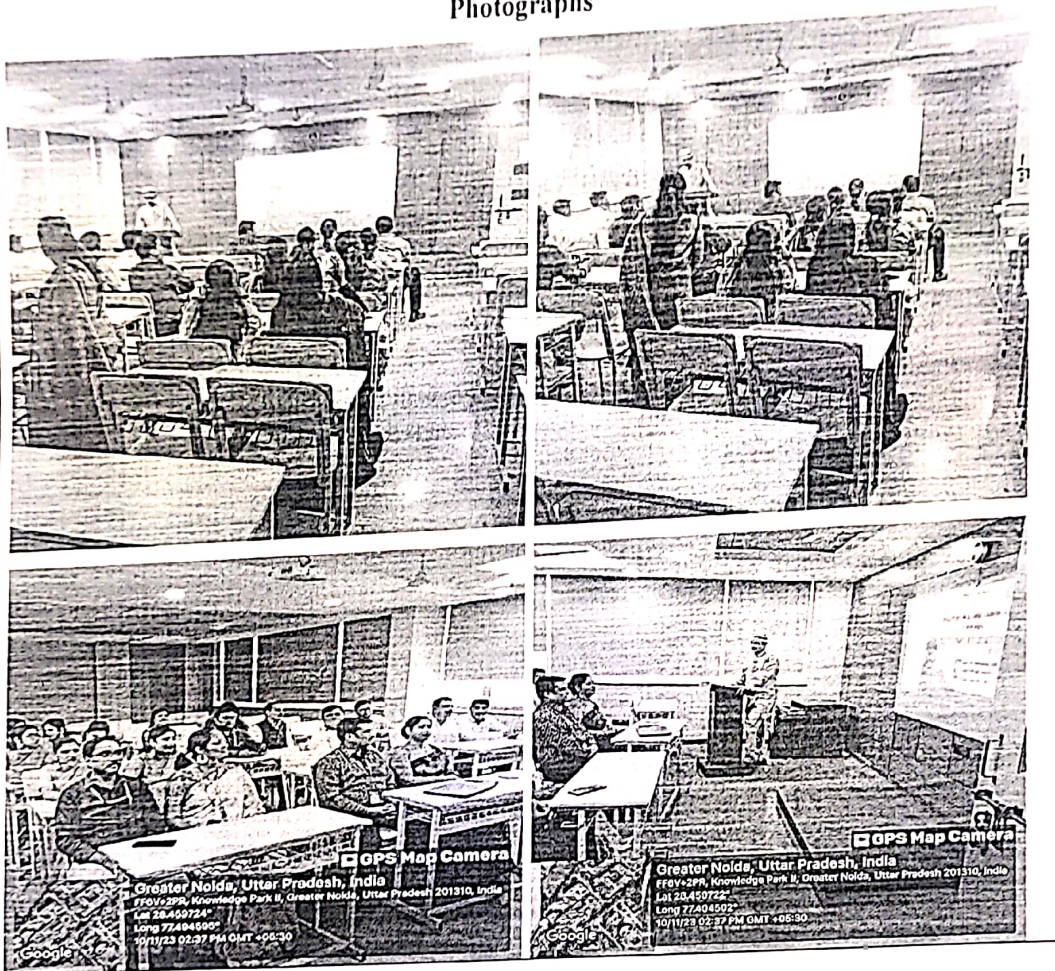

Outcome

The celebration of National Education Day served as a reminder of the critical role education plays in shaping our society and individual lives. The activities and events organized were successful in promoting the spirit of learning, acknowledging the contributions of educators, and fostering community engagement.

We believe that by commemorating National Education Day, we are not only honoring the legacy of Maulana Abul Kalam Azad but also reaffirming our commitment to the continuous improvement of our educational system. We will continue to strive for excellence and inclusivity in education and to inspire our students to become lifelong learners.
