Report	
Academic Year	2022-2023
Name of Activity	Save Girl Child
Date of Activity	06/11/2023
Organized by	Mangalmay Institute of Engineering and Technology, Greater Noida
Resource Person	Ms. Chandani Srivastava
Objective	<p>The objective of conducting this session is to highlight the inequalities suffered by the girls in India, raise awareness about female rights and promote awareness on the importance of girls' nutrition, health, and education.</p> <p>The following points will be covered in the session:</p> <ul style="list-style-type: none"> ❖ To provide support and opportunities to the girls in Indian society. ❖ To eliminate the inequalities faced by the girl child. ❖ To ensure that the girls get their rights and are given value and equal respect in the country. ❖ To increase the consciousness of the people and bring a change in attitude. ❖ To remove gender discrimination and bias by educating people.
Brief Report	<p>MIET College, Greater Noida organized a session on "Save Girl Child" on 6th of November, 2023 at 3:30 pm. The main objective of the programme was to create awareness among the people about the importance of girl child. The bigger objective was to discourage them against the female foeticide, a cancer for the society. There was a huge enthusiasm among the teachers and the students for the session.</p> <p>An eminent speaker, Ms. Chandani Srivastava, who works as an Assistant Professor in the Engineering Department, MIET was the resource person. She was warmly welcomed by the Program Coordinator Dr. Garima Srivastava. The compering for the event was done by Ms. Rachna Sharma.</p> <p>The speaker expressed her thoughts passionately on the topic and shared concern, she also quoted the constitutional provisions for the safety and security of girls. She further elaborated that a girl is the one who plays many roles in our lives. She is our mother, our sister, our wife, our grandmother and many more. She is the cause of life, because of her we are in this world. Before a sister, a mother, a wife, she is a girl and if you are saving a girl, you are saving your world. She explained that discrimination against girls in India has been going on since ages now. Even today, there are several sections of the Indian society where the girl child is treated as a liability. While several privileges are given to the boys; girls are often restricted to the confines of house and given very little or no opportunities to learn and grow in life. She emphasized the role of education is extremely important here and goes a long way in empowering women. And the process of education has to begin early in life. More and more girl children need to be sent to school provided quality and holistic education.</p> <p>All the second-year students and faculty members were present in this</p>

	session. The session concluded with the vote of thanks by Ms. Rachna Sharma.
Outcome	<p>The participants of the program realized the significance of saving the girl child and the current sex ratio of the country as well as of the state.</p> <p>The knowledge of the participant increased regarding this topic as they had very limited exposure previously.</p>
